Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Friday 18 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mostly dry overnight but unsettled on Sunday.

This Evening and Tonight:
Staying cloudy and dry across many areas, although rain could affect parts of the east during the evening. Cloud will break apart at times, allowing for some clear spells. The odd shower is possible in the north around dawn. Minimum temperature 10 deg C (50 deg F).

Saturday:
Often cloudy but some bright spells will break through during the afternoon. A few light showers are possible over Cumbria. Feeling warm. Maximum temperature 22 deg C (72 deg F).

Outlook for Sunday to Tuesday:
Rain is likely throughout Sunday, some of which heavy and possibly thundery. Cloudy on Monday with a risk of showers in the south. Drier on Tuesday, with some sunny spells.
